

I've been thinking about making a zine for too long without doing it!!!

I love zines
the idea of them
appeals to my creative
& radical urges

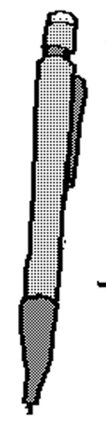

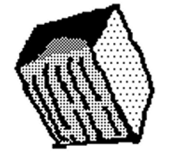

And that's where the
problem arises -

No idea I have is
- good enough for
my first zine!

I'm asking this with
Decker

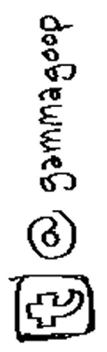

but I also have
messed with electric
zine maker
and done things
tradition ally

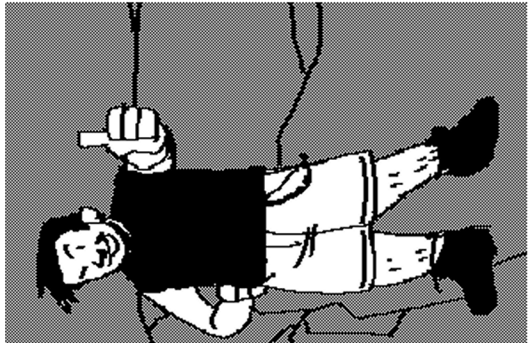

BRZ
S, X, Y, Z
FIRST

BREAK!

doobewueg @ doobewueg

So I will break
the ice! This is
my first-ever
zine! It sucks!
Now I can
move on to
better things

misses - started
if my new as
sleep
